

Clearing Cache on Google Maps

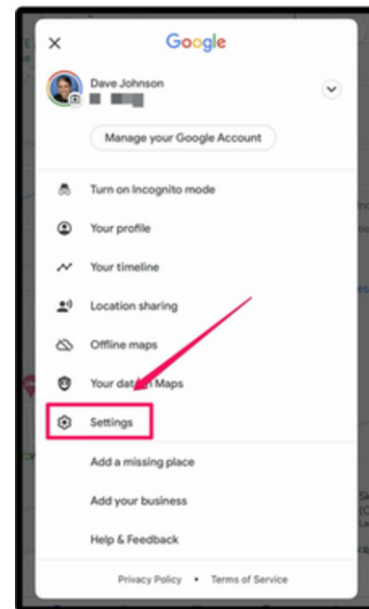

Android

1. Open **Settings**.
2. Tap **Apps**.
3. Tap **See all apps**.
4. Scroll down the list of apps and tap **Maps**.
5. On the **App info** page, tap **Storage & cache**.
6. Tap **Clear cache**.

iPhone

1. Start the **Google Maps** app.
2. Tap your **account icon** at the top right.
3. Tap **Settings** in the pop-up menu.

4. Scroll down and tap **About, terms & privacy**.
5. Tap **Clear application data** and then tap **OK** to confirm you want to do this.
